

Dentsply Sirona Extraoral Imaging

Clinical confidence. It runs in the family.

Dentsply Sirona Extraoral Imaging Systems provide your practice with the certainty you need to help make difficult diagnoses easier, while also offering the opportunity to expand your procedures for implantology, endodontics, airway analysis, orthodontics, and more.

Special Pricing

Effective March 2 through
June 30, 2020

You can now save on the leading 2D and 3D CBCT systems from Dentsply Sirona in addition to complimentary education courses with the purchase of an Orthophos® system.

RECEIVE PREMIUM EDUCATION ON US!

cdocs 3D training now available to new 3D users!

Cone Beam Basic Training (CBBT) workshops with cdocs are now included in your Orthophos® 3D purchase!

During the CBBT workshop, you'll learn the fundamentals of Cone Beam technology and get hands-on training to help you feel comfortable with the operation of the hardware while learning more about the software used to power the unit.

Learn more about the courses available and the membership at cdocs.com.

Course must be taken within 12 months of installation. The purchase of any Orthophos 3D unit includes one complimentary tuition to cdocs CBBT training.

Complimentary Sleep Apnea course included with purchase of Orthophos SL 3D Ai system.
